# Jordan Journal of Mechanical and Industrial Engineering (JJMIE)

JJMIE is a high-quality scientific journal devoted to fields of Mechanical and Industrial Engineering. It is published by Hashemite University in cooperation with the Jordanian Scientific Research and Innovation Support Fund, Ministry of Higher Education and Scientific Research.

**Introduction:** The Editorial Board is very committed to build the Journal as one of the leading international journals in mechanical and industrial engineering sciences in the next few years. With the support of the Ministry of Higher Education and Scientific Research and Jordanian Universities, it is expected that a heavy resource to be channeled into the Journal to establish its international reputation. The Journal's reputation will be enhanced from arrangements with several organizers of international conferences in publishing selected best papers of the conference proceedings.

**Aims and Scope:** *Jordan Journal of Mechanical and Industrial Engineering* (JJMIE) is a refereed international journal to be of interest and use to all those concerned with research in various fields of, or closely related to, mechanical and industrial engineering disciplines. *Jordan Journal of Mechanical and Industrial Engineering* aims to provide a highly readable and valuable addition to the literature which will serve as an indispensable reference tool for years to come. The coverage of the journal includes all new theoretical and experimental findings in the fields of mechanical and industrial engineering or any closely related fields (Materials, Manufacturing, Management, Design, Thermal, Fluid, Energy, Control, Mechatronics, and Biomedical). The journal also encourages the submission of critical review articles covering advances in recent research of such fields as well as technical notes.

## Guide for Authors

---

### **Manuscript Submission:**

High-quality submissions to this new journal are welcome now and manuscripts may be either submitted online or email.

**Online:** For online and email submission upload one copy of the full paper including graphics and all figures at the online, submission site, accessed via <http://jjmie.hu.edu.jo>. The manuscript must be written in MS Word Format. All correspondence including notification of the Editor's decision and requests for revision, takes place by e-mail and via the Author's homepage, removing the need for a hard-copy paper trail

### **Submission address and contact :**

Prof. Moh'd Sami Ashhab

Editor-in-Chief

*Jordan Journal of Mechanical & Industrial*

*Engineering*, Hashemite University

PO Box 330127, Zarqa, 13115, Jordan

E-mail: [jjmie@hu.edu.jo](mailto:jjmie@hu.edu.jo)

**Types of contributions:** Original research papers and Technical reports

**Corresponding author:** Clearly indicate who is responsible for correspondence at all stages of refereeing and publication, including post-publication. Ensure that telephone and fax numbers (with country and area code) are provided in addition to the e-mail address and the complete postal address. Full postal addresses must be given for all co-authors.

**Original material:** Submission of an article implies that the work described has not been published previously (except in the form of itstan abstract or as part of a published lecture or academic thesis), that it is not under consideration for publication elsewhere, the publication is approved by all authors and that, if accepted, it will not be published elsewhere in the same form, in English or in any other language, without the written consent of the Publisher. Authors found to be deliberately contravening the submission guidelines on originality and exclusivity shall not be considered for future publication in this journal.

**Withdrawing:** If the author chooses to withdraw his article after it has been assessed, he shall reimburse JJMIE with the cost of reviewing the paper.

### **Manuscript Preparation:**

---

**General:** Editors reserve the right to adjust style to certain standards of uniformity. Original manuscripts are discarded after publication unless the Publisher is asked to return original material after use. Please use MS Word for the text of your manuscript

**Structure:** Follow this order when typing manuscripts: Title, Authors, Authors title, Affiliations, Abstract, Keywords, Introduction, Main text, Conclusions, Acknowledgements, Appendix, References, Figure Captions, Figures and then Tables. Please supply figures imported into the text AND also separately as original graphics files. Collate acknowledgements in a separate section at the end of the article and do not include them on the title page, as a footnote to the title or otherwise.

**Text Layout:** Use 1.5 line spacing and wide (3 cm) margins. Ensure that each new paragraph is clearly indicated. Present tables and figure legends on separate pages at the end of the manuscript. If possible, consult a recent issue of the journal to become familiar with layout and conventions. All footnotes (except for table and corresponding author footnotes) should be identified with superscript Arabic numbers. To conserve space, authors are requested to mark the less important parts of the paper (such as records of experimental results) for printing in smaller type. For long papers (more than 4000 words) sections which could be deleted without destroying either the sense or the continuity of the paper should be indicated as a guide for the editor. Nomenclature should conform to that most frequently used in the scientific field concerned. Number all pages consecutively; use 12 or 10 pt font size and standard fonts.

**Corresponding author:** Clearly indicate who is responsible for correspondence at all stages of refereeing and publication, including post-publication. The corresponding author should be identified with an asterisk and footnote. Ensure that telephone and fax numbers (with country and area code) are provided in addition to the e-mail address and the complete postal address. Full postal addresses must be given for all co-authors. Please consult a recent journal paper for style if possible.

**Abstract:** A self-contained abstract outlining in a single paragraph the aims, scope and conclusions of the paper must be supplied.

**Keywords:** Immediately after the abstract, provide a maximum of six keywords (avoid, for example, 'and', 'of'). Be sparing with abbreviations: only abbreviations firmly established in the field may be eligible.

**Symbols:** All Greek letters and unusual symbols should be identified by name in the margin, the first time they are used.

**Units:** Follow internationally accepted rules and conventions: use the international system of units (SI). If other quantities are mentioned, give their equivalent quantities in SI

**Maths:** Number consecutively any equations that have to be displayed separately from the text (if referred to explicitly in the text).

**References:** All publications cited in the text should be presented in a list of references following the text of the manuscript.

*Text:* Indicate references by number(s) in square brackets in line with the text. The actual authors can be referred to, but the reference number(s) must always be given.

*List:* Number the references (numbers in square brackets) in the list in the order in which they appear in the text.

**Examples:**

**Reference to a journal publication:**

[1] M.S. Mohsen, B.A. Akash, "Evaluation of domestic solar water heating system in Jordan using analytic hierarchy process". Energy Conversion & Management, Vol. 38 (1997) No. 9, 1815-1822.

**Reference to a book:**

[2] Strunk Jr W, White EB. The elements of style. 3rd ed. New York: Macmillan; 1979.

**Reference to a conference proceeding:**

[3] B. Akash, S. Odeh, S. Nijmeh, "Modeling of solar-assisted double-tube evaporator heat pump system under local climate conditions". 5th Jordanian International Mechanical Engineering Conference, Amman, Jordan, 2004.

**Reference to a chapter in an edited book:**

[4] Mettam GR, Adams LB. How to prepare an electronic version of your article. In: Jones BS, Smith RZ, editors. Introduction to the electronic age, New York: E-Publishing Inc; 1999, p. 281-304

**Free Online Color :** If, together with your accepted article, you submit usable color and black/white figures then the journal will ensure that these figures will appear in color on the journal website electronic version.

**Tables:** Tables should be numbered consecutively and given suitable captions and each table should begin on a new page. No vertical rules should be used. Tables should not unnecessarily duplicate results presented elsewhere in the manuscript (for example, in graphs). Footnotes to tables should be typed below the table and should be referred to by superscript lowercase letters.

**Notification:** Authors will be notified of the acceptance of their paper by the editor. The Publisher will also send a notification of receipt of the paper in production.

**Copyright:** All authors must sign the Transfer of Copyright agreement before the article can be published. This transfer agreement enables Jordan Journal of Mechanical and Industrial Engineering to protect the copyrighted material for the authors, but does not relinquish the authors' proprietary rights. The copyright transfer covers the exclusive rights to reproduce and distribute the article, including reprints, photographic reproductions, microfilm or any other reproductions of similar nature and translations.

**Proof Reading:** One set of page proofs in MS Word format will be sent by e-mail to the corresponding author, to be checked for typesetting/editing. The corrections should be returned within **48 hours**. No changes in, or additions to, the accepted (and subsequently edited) manuscript will be allowed at this stage. Proofreading is solely the author's responsibility. Any queries should be answered in full. Please correct factual errors only, or errors introduced by typesetting. Please note that once your paper has been proofed we publish the identical paper online as in print.

**Author Benefits:**

*No page charges:* Publication in this journal is free of charge.

*Free offprints:* One journal issues of which the article appears will be supplied free of charge to the corresponding author and additional offprint for each co-author. Corresponding authors will be given the choice to buy extra offprints before printing of the article.
